**Tourette Syndrome inspired the title character in book three of the award-winning *Clown William* western series, offering a unique twist on a very human "superhero."**

## **New story, old soul . . . Clown William rides again in the Wild West**

**SAN ANTONIO, TX. – November 22, 2019** - [PRLog](#) – Author Robin Elnó takes us on a wild ride through the Wild West in the 1870s as reluctant gunslinger William battles inner and outer demons in *Clown William and the Wind of Vengeance*.

There's something inherently classic about a story set in the Wild West. Guns slinging, spurs spinning, cowboy hats casting a shadow on the dusty ground. Maybe this is one of the reasons why Robin Elnó's *Clown William* series has been so successful.

The first book, [Clown William](#), was the Silver Winner of the 2018 IPPYs & Winner of the Arizona Literary Award, as well as a finalist for the 13th Annual National Indie Excellence Awards in Western Fiction. Robin's follow up, [Clown William and the Lincoln County War](#) was the winner of the 13th Annual National Indie Excellence Awards in Western Fiction, and the series was the Bronze Winner of the 2019 IPPYs Best Fiction Series.

William's latest ride – [Clown William and the Wind of Vengeance](#) – will be released December 1, 2019 and continues our hero's journey from clown to friend to hero.

"Sometimes our greatest strengths can come from what we view as our greatest weakness," says author Robin Elnó. Elnó says this idea was a huge inspiration for him when he was writing the *Clown William* series, which is about a young man, William, who suffers from a physical ailment we now know as Tourette's Syndrome.

After being kicked out of the house by his father in the first book of the series, a self-defense situation teaches him that he has astounding accuracy with a six-gun.

# Ingram Elliott

Picking up where book two left off, *Clown William and the Wind of Vengeance* finds William still in New Mexico. In the book, he is obsessed with tracking down and finishing his war with the man he blames for his life turning out the way it has – Jesse Evans. As always, William is a target for many. He battles an inner conflict that he calls his ‘dark tornado’—the strange feeling that comes over him when he’s shooting—but decides to wait until Jesse is out of a compromising position before making his attempt on Jesse’s life. William is in a race against his own inner tornado . . . Will he beat it before it takes him out?

## **Book blurb**

While the battle for Lincoln, New Mexico, rages on, William is consumed by his own war against Jesse Evans, the man he blames for the loss of his friends and the start of his life as a gunfighter. But when William finds Jesse at his most vulnerable—jailed with a gunshot wound—he can’t justify pulling the trigger. A gunfight must be fair. William braves hostile military territory to orchestrate his archenemy’s release—only to discover he has become the prime target for an army of bounty-motivated gunslingers. The hunter is now the hunted—and William must weigh whether revenge will give him the peace of mind he has been seeking. Can William defeat his internal tornado before he becomes one of its victims?

## **About the Author**

Robin Elno is a retired army colonel, semiretired psychiatrist, and full-time author. He lives in San Antonio, Texas, and is an active member of the San Antonio Writers’ Guild. Inspired by famed neurologist Oliver Sacks and his work with neurological conditions like Tourette Syndrome, the author has created a unique and compelling character set against the backdrop of true, historical events.
